

A UNIQUE WAY TO INTRODUCE PRIMARY FRENCH

Brain gym studies have identified movement / repetition as the most effective way to learn. **DANCE FRANÇAIS** is a unique cross curricular resource and an exciting, new fun and accessible approach to teaching both French and Dance.

DANCE FRANÇAIS is designed to raise the awareness of PE/dance as a cross-curricular tool across the Key Stage. It satisfies both National Curriculum attainment targets and non-statutory guidelines at KS2 for both Dance and French.

Seven lesson themes comprise three traditional French songs, three well-known tunes with French lyrics and one original rap. French topics covered are: numbers, the alphabet, parts of the body, colours, families, shapes, days of the week, food, and clothes.

The pack can be used as individual lesson plans, developed as a block of work or used to support a cross-curricular theme day. Each piece also has an instrumental version designed to support both dance and French extension work.

The format is devised for non-specialist teachers to maximise learning potential. Easy-to-follow steps introduce the new language and explore movement vocabulary.

DANCE FRANÇAIS is primarily a resource for KS2 but may also be used to introduce French at KS1.

A pack of laminated French cue cards may be purchased separately to enhance the teaching of the French vocabulary and complement each dance theme.
