

# OLYMPIC DANCE PACKS

Written by a teacher (and SSCO), for teachers

A pack of individual laminated lesson plans designed to raise awareness of all aspects of the Olympics through dance, each with comprehensive, easy-to-follow lesson progressions and a unique music soundtrack. Themes focus on the Olympic sports; elite performers; the venues; symbols and ceremonies. The material offers opportunities through leadership; citizenship and PSHE to explore values and the importance of the Olympic ideals in our everyday lives. Attention is given to performance ideas, development and extension suggestions.

Dance Angles has been written for non-specialised teachers, by a Dance and PE specialist, to enable them to explore dance through a variety of themes, in a variety of styles. Working through each of the phases, dance will give both teacher and children confidence.
